Laser Reference, Inc. announces the new L6c Cone Laser. This product incorporates a custom rotor cap with a wedge lens to provide a conical reference that can be set between -3.5% and +3.5%.

The rotor base is modified to accept the cone rotor, but it can easily be replaced with the standard L6 rotor cap for normal L6 operation.

#### Pricing:

Cost for the L6c is \$2,995.00 for the Package Number 051-0000REC which includes the laser, R7 receiver, rod clamp, standard L6 rotor cap, and carrying case. These are built to order so we require a lead time of 2 weeks for this it

#### Specifications:

Range with R7 receiver	500' radius
Horizontal Accuracy (Cone Rotor Removed)	±14 Arc Seconds
Cone Accuracy	±40 Arc Seconds
Rotating Beam Power	2.0mW
Power Source	2 D Alkaline or NiMH
Battery Life	Alkaline 60 Hours / NiMH 40 Hours
Dust & Water Resistance	IP55
Warranty	24 Months Defects Coverage
Laser Classification	CDRH Class IIIa, IEC Class 3R
Operating Temperature	-4f to +122f (-20c to +50c)
Storage Temperature	-40f to +158f (-40c to +70c)
